PROFESSIONAL EXPERIENCE

Senior Business Analyst | ABC Technology Ltd | London, UK

Jan 2023 – Present

- Led requirements discovery workshops with business and technical stakeholders for digital transformation projects.
- Produced BRDs, functional requirements, user stories, process flows and acceptance criteria.
- Worked with Product Owners and engineering teams to prioritise backlog items and clarify requirements.
- Coordinated UAT, including test-scenario preparation, defect triage and stakeholder sign-off.
- Analysed operational data using Excel and SQL to identify process inefficiencies and support recommendations.

Business Analyst | XYZ Financial Services | London, UK

Jun 2020 – Dec 2022

- Gathered and documented requirements for customer-facing and internal business applications.
- Mapped current and future-state processes and identified opportunities for automation and control improvements.
- Collaborated with developers, QA and business users throughout the software development lifecycle.
- Supported release planning, UAT and post-release analysis across multiple concurrent initiatives.

Junior Business Analyst | Example Solutions | Manchester, UK

Aug 2018 – May 2020

- Supported senior analysts with stakeholder interviews, documentation, data analysis and project reporting.
- Maintained requirements traceability and assisted with test preparation and defect management.
